Abu Dhabi, a hub for the aviation and aerospace industry

Abu Dhabi, the capital city of the United Arab Emirates, has soared in recent years within the aviation and aerospace industry, making it the perfect location to promote and grow your business by connecting with some of the region's top decision makers. With many local/based aviation and aerospace companies like Abu Dhabi Aviation, RoyalJet, Gal, Strata, Mubadala, Sanad, Nibras, to name just a few, Abu Dhabi is a very important contributor to the development of the future of aviation and is a key player in the global aerospace industry.

The Air Expo offers a wide and representative range of the ever-growing aviation industry and is the best place for industry leaders to connect!

With strong government support for the development of the aerospace sector and investment in aviation infrastructure like the newly inaugurated airport, Midfield Terminal, Abu Dhabi is further evidence of the sustained commitment to innovation and technology.

Conferences

The Air Expo is a think tank of the aerospace industry.

Over the course of 3 days, relevant stakeholders from the industry will meet to discuss today's challenges as well as tomorrow's opportunities.

The Air Expo includes an extensive conference program, featuring keynote speeches, panel discussions, and interactive sessions. These sessions cover a wide range of topics such as aircraft manufacturing, aerospace engineering, aviation security, and sustainable aviation.

Furthermore, the Air Expo provides a unique platform for governments and industry leaders to discuss policy matters, investment opportunities, and strategies for growth in the aviation sector. It serves as a catalyst for attracting foreign investments and promoting the UAE as a global hub for aviation and aerospace innovation.

Don't miss out on your chance to have a say at one of the industry's leading aviation events!

***Conferences at Air Expo will bring together over 80 leading speakers, delegates, thought leaders and industry experts connecting the Middle East (and beyond) aviation & aerospace sector for innovative sessions.
